Dear Ms. Hesse,

This letter is to express my strong support for the proposed settlement between the Department of Justice and Microsoft. It is a fair settlement to the antitrust lawsuit. Fair means that it is a compromise which all sides can live with.

This issue has been going on for more than three years. It has grown into multiple lawsuits and the millions of dollars. The proposed settlement gives the opportunity to close part of the issue. If both the DOJ and Microsoft have reached an agreement, let's move forward for the good of the economy and in the bigger picture, the good of the country.

Sincerely,

Katreena Salgado
